## Introduction

In this being polite game, students make polite requests with *Could you..., please?* and respond with *Thank you* and *You're welcome*.

## Procedure

Divide the students into groups of three or four.

Give each group a set of cards.

Ask the students to shuffle the cards and place them face-down in a pile on the desk.

Students then take turns picking up the top card from the pile and changing the command on the card into a polite request starting with *Could you* and ending with *please*.

The other group members then race to do or mime the requested action.

The student who made the request says *Thank you* to the first student who does the action correctly.

That student wins the round, keeps the card, and replies with *You're welcome*.

Example:

Card: Tell me your name.

Student A: *Could you* tell me your name, *please?*

Student B: My name is Lucy.

Student A: *Thank you*, Lucy.

Student B: *You're welcome*.

Students can settle any ties with rock, paper, scissors.

The student with the most cards at the end of the game wins.
